DETAILED ACTION

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on June 28, 2010 has been entered.

It is noted that the claims 1, 4 and 5 are being examined in view of Applicant's election without traverse on October 16, 2006. Claims 9 and 10 are withdrawn from considerations since they are non-elected invention.

Claim Objections

Claims 4 and 5 are objected to because of the following informalities: Claims 4 and 5 depend from cancelled claim 3. Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Art Unit: 1628

Claims 4 and 5 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 4 and 5 recite the limitation "the liquid formulation" in line 1. There is insufficient antecedent basis for this limitation in the claim.

It is suggested to amend the claim 4 to read as "The **aqueous** formulation according to claim **1**, wherein the rapamycin **is** sirolimus".

It is suggested to amend the claim 5 to read as "The **aqueous** formulation according to claim **1**, wherein the rapamycin **is** CCI-779".

Allowable Subject Matter/Communications

Claim 1 is allowed.

The Examiner contacted Applicants' representative on June 29, 2010, to discuss the issues as referenced above.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to JENNIFER M. KIM whose telephone number is
